

## SCOPE OF CAPABILITIES

Our Engineered Products division specializes in the design, fabrication, and custom modification of equipment. Our experience includes mechanical systems engineering, chemical process cooling, instrumentation, and the execution of major design-build projects.

Our integrated operation enables us to design and manufacture custom heating, ventilation, air conditioning, filtration, and pressurization equipment to meet the unique requirements within the commercial and industrial marketplaces. Additionally, we can modify most makes and models of standard HVAC equipment to fit your specific needs. With our team of in-house engineers, we offer turnkey services to ensure a seamless experience that will minimize downtime and mitigate risk. No matter where you are in the world, we can provide solutions.

## WE DESIGN, MODIFY, AND BUILD CUSTOM HVAC EQUIPMENT FOR USE IN:

### Rental Industry:

- Air-Cooled / Water-Cooled Chillers
- Boilers
- I-Line Panels
- Generators
- Refrigerated Walk-in Type Coolers
- Custom Skids/Frames
- Electrical Modifications
- Coatings
- Trailer Mounting
- Duct Connections
- Chilled, Condenser, Heating Water Piping

### Hazardous Locations:

- Modified Equipment
  - Air-Cooled / Water-Cooled Chillers
  - Packaged Rooftop Air Conditioners
  - Wall Mounting Package Units
  - Air Handling Units
  - Pumps
- Class 1 Division 2
- Class 2 Division 2
- Class 1 Division 1 (Air Handling Unit Only)
- NFPA 496 Pressurization Units

### Industrial or Commercial Applications

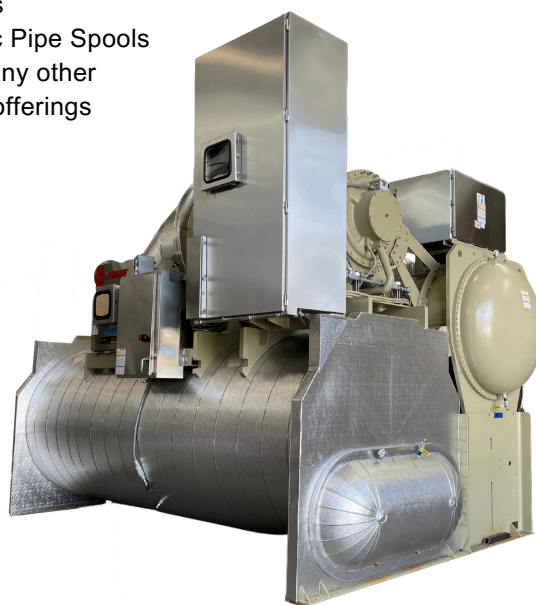

- Modular Central Plant
- Chiller & Pump Combination Skids
- Hydronic Pump, Process, & Filtration Skids
- Equipment Coatings for Corrosive Environments:
  - Condenser and Evaporator Coils
  - Equipment Casing
  - Shell and Tube Heat Exchanger End Bell and Tube Sheet Coatings
  - Addition of Sacrificial Anodes
- ECM Fan Arrays and Controls
- Custom Control Panels (UL508A Compliant)
- Weatherization of HVAC Equipment for Outdoor Use
  - Chillers, Boilers, and Air Handling Units
- Custom Air Filtration Additions
  - HEPA Filtration, UV Lighting, and Photocatalysis Air Purifiers
- Cat Walks, Stairs, Equipment Stands, and Pipe Supports
- Hydronic Pipe Spools
- Plus, many other custom offerings

## FACTS ABOUT US:

- In Business Since 1981
- Over 240 Employees Including 150 Certified Service Technicians
- **Full-Time Safety Team**
- \$10 Million Bonding Capacity
- Multiple Financing Sources
- Fully Insured & Licensed:  
**TACLA009290C | MPL 38267**  
**TX Board of Prof. Engineers F - 20974**
